

9. The minivan as set forth in claim 8 wherein said means includes a resistor for dissipating current generated by said motor.

10. The minivan as set forth in claim 9 wherein said means includes a diode in series with said resistor for blocking current through said resistor when said ramp is raised manually.

REMARKS

Claims 7-10 are added to more fully define applicants' invention.

An early and favorable examination of claims 1-10 is respectfully requested.

Respectfully submitted,

Paul F. Wille
